BIRCHMONT GARDENS

(Nurseries)

ORNAMENTAL PLANTS

for the

HOME GROUNDS

Nurseries located 3 miles west of Cambridge City on
National Highway No. 40

Address: R. R. 1, Cambridge City, Indiana.

Phone: Cambridge City 8053.

Also for sale at

SHUMAKER'S GARDEN & PET SHOP

422 Main St.

Richmond, Ind.

Phone 4646

Plants marked with an asterisk (*) are especially suited for use in rock gardens.

Prices listed are for strong field-grown plants which will give immediate results.

A limited number of specimen plants can be supplied at correspondingly higher prices.

A dozen plants of a kind will be supplied at ten times the unit price.

Prices on larger quantities or on large collections will be quoted upon receipt of a list of your wants.

We also grow a general line of shrubbery, many fine varieties of water lilies and the more dependable evergreens. Let us quote you.

This is only a partial list of the perennials we grow.

We are adding constantly to our stocks.

We invite you to visit the nursery, to inspect our offerings and to make your personal selection of the many fine varieties.

**Write or call us for planning or planting service at nearby points.
Our rates will be reasonable.**

General List of Hardy Perennials

*Achillea Tomentosa—Wooly Yarrow, Bright yellow. July-Sept. 6-8"	.20

Aquilegia—Dobbie's Imperial hybrids. Long spurs. Various colors. June-July. 24-36"	.20
Aquilegia—Mrs. Scott Elliott hybrids. Long spurs. Various colors. June-July. 24-36"	.20
Aquilegia—Long-spurred blue strain. June-July. 24-36"	.20
*Arabis Alpina—Rock Cress. Pure white flowers in dense masses. April-May. 8-12"	.15
*Arabis Alpina Flore Pleno—Double form of the above. Very fine rock plant	.25
*Arabis Procurens—Prostrate plant forming dense carpet. White. April-May,	.25
*Arabis Alpina Compacta—More compact habit of growth than original Alpina	.25
*Arenaria Montana—Mountain Sandwort. Silver white. May. 2-4"	.25
Armeria Formosa—Sea Thrift. White to pink flowers. May-June. 12-18"	.15
*Armeria Lauchiana—Very free flowering. Bright rosy red. May-June. 3-6"	.20
Artemisia—Silver King. Mist-like white leaves much used for bouquets. 3'	.20
Asclepias Tuberosa—Butterfly Flower. Bright orange. July. 18"	.20
Asphodelus Luteus—Tall spikes of bright yellow flowers. Fragrant. 3'	.25
*Aster Alpinus—Alpine Aster. Bluish-purple. May-June. 6-10"	.20
*Aster Mauve Cushion—Distinct cushion-like mass. Mauve. October. 9"	.20
*Aubrietia Deltoidea—Rainbow Rock Cress. Violet to purple. April-July. 2-4"	.20
Baptisia Australis—False Indigo. Deep blue pea-shaped flowers. June. 2-3'	.20
*Bellium Bellidiflorum—Alpine Daisy. Miniature white flowers. June-July. 1-2"	.20
Bocconia Cordata—Plume Poppy or Tree Celandine. Cream. June-Sept. 6-8'	.25
Boltonia Latisquama—Violet Starwort. Pink, tinged lavender. Aug.-Sept. 4-6'	.15
*Cactus—Hardy garden types. Yellow and red. Intervals through summer. 6-9"	.25
*Calamintha Alpina—Calamint. Graceful rock plant. Purple flowers. 6"	.20
*Callirhoe Involucrata—Poppy Mallow. Trailing plant. Crimson flowers. June-October	.25
*Campanula Carpatia—Carpathian Harebell. Clear blue. June-October. Compact. 8"	.15
*Campanula Rotundifolia—Blue Bells of Scotland. Clear Blue. June-Aug. 8-12"	.20

*Campanula Persicifolia—Peachbells. White or blue. June-September. 2'20
Centaurea Dealbata—Persian Knapweed. Striking rose-pink. June-July. 2',20
Centaurea Montana—Perennial Cornflower. Violet-blue. July-Sept. 2'20
*Cerastium Tomentosum—Snow-in-Summer. White flowers with silvery foliage. May. 6-8"15
*Cheiranthus Allioni—Siberian Wallflower. Bright orange, fragrant. May-June. 15"15
Chrysanthemum Maximum—Shasta Daisy var. Supreme. White. Mammoth. June. 2'25
Chrysanthemum, Hartje & Elder—Memorial Daisy. Early fine white, May-June. 2'15
Clematis Recta Manchurica—Ground Clematis. White, fragrant. June July. 2-3'25
*Convallaria Majalis—Lily-of-the-Valley. White, fragrant. May-June. 6-8"15
Coreopsis Grandiflora—Tickseed. Yellow. All summer. 2'10
*Coreopsis—Compact dwarf form. New. 6"25
*Corydalis Cheilanthifolia—Fumitory. Fern-like foliage. Yellow Flowers. 10-12",25
Delphinium Belladonna—Sky-blue Perennial Larkspur. June and Sept. 3-4'20
Delphinium Chinensis—Chinese Delphinium. Blue, white or violet. All summer. 12-24"15
Delphinium—Wrexham or Hollyhock hybrids. Various colors. June and September. 4-6'25
Dianthus Barbatus—Sweet Williams. Various colors. June. Fine cut flowers. 18"15
*Dianthus Arvensis—New, very dwarf compact form of pink. Deep pink. 3-4"25
*Dianthus Caesius—Cheddar Pink. Various colors. June-July. 9-12"15
*Dianthus Caesius flore pleno—Double Cheddar Pink. Double flowers. Very compact25
*Dianthus Deltoides—Maiden Pink. Deep rose and white. June-July. 9-12",15
*Dianthus Deltoides Brilliant—A brilliant form of the above. Very attractive,20
Dianthus Semperflorens—Clove Pink. Various colors. Clove-scented. June-July. 12"15
*Dianthus Arenarius—Sand Pink. White with carmine ring. June-July. 9-12"20
*Dianthus Knappi—Yellow Pink. Yellow flower. June-July. 3-9". Endures dry soil35
*Dicentra (Dielytra) Eximia—Plumy Bleeding Heart. Pink. All summer. 15-18",20
Dicentra (Dielytra) Spectabilis—Pink. May. Likes partial shade. 18-24"35
Dictamnus Fraxinella Alba—Gas Plant. White variety.25
Dictamnus Fraxinella Rubra—Gas Plant. Red variety25
*Dodecatheon Meadia—Shooting Star. Fragrant, white. May-June. 15". Likes shade25
Doronicum Caucasicum—Leopard's Bane. Bright yellow. May-June. 18"30
*Epimedium Sulphureum—Barrenwort. Sulphur yellow. May. 12". Likes shade,25
*Erinus Alpinus—Liver Balsam. Rosettes of foliage. Flowers rosy-purple. 4",25
*Erysimum Pulchellum—Fairly Wallflower. Sulphur-yellow. Fragrant. June. 4-8",20
Eupatorium Coelestinum—Hardy Ageratum. Light purple. Aug.-frost. 12-24",15
*Euphorbia Corollata—Flowering Spurge. Pure white. Resembles Gypsophila. 12-18"20
*Euphorbia Myrsinites—Blue-gray foliage. Yellow flowers. Prostrate. 10". May25
*Festuca Glaucæ—Blue Fescue. Grass with compact clumps. Blue-gray. 6-12",10
Funkia Subcordata Alba—White Day Lily. White. July-August. 18". Likes shade,25
Funkia Lancifolia—Blue Day Lily—Lilac-blue. July-Aug. 18". Likes shade25
Gaillardia Grandiflora—Blanket Flower. Red and gold, orange. June-Oct. 1-2',15

Geum—Lady Stratheden. Rich double yellow. All summer. 18"	.25
Geum—Mrs. Bradshaw. Double fiery red. Blooms all summer. 18"	.25
*Geranium Sanguineum—Hardy geranium. Light crimson. All summer.	
Good in shade. 18"	.25
*Globularia Trichosantha—Globe Daisy. Lavender button. 6"	.25
Gypsophila Paniculata—Baby's Breath. White, mist-like. June. 2-3'	.15
Gypsophila Paniculata—var. Bristol Fairy. Grafted. Double white, mist-like. 2-3'	.35
*Gypsophila Repens—Dwarf. Clouds of white flowers tinged pink. 6"	.20
Helenium Autumnale Superbum—Sneezewort. Golden-yellow. Sept. 5-6'	.20
*Helianthemum Mutabile—Fickle Sunrose. Various colors. All summer. 12"	.20
*Helianthemum—variety Fireball. Orange flame. Dwarf. Very attractive	.25
Hemerocallis Flava—Lemon Lily. Lemon-yellow. June. 2½'	.20
Hesperis Matronalis—Sweet Rocket. Fragrant purple spikes. June-July. 2-3'	.15
*Heuchera Brizoides—Coral Bells. Pale pink. Profuse bloomer. All summer. 18"	.25
*Heuchera Sanguinea—Bright crimson flowers on 12-18" stems. Nice for cutting.	.25
*Heuchera—var. Pluie de Feu. Lovely coral-red variety, excellent for rock garden.	.25
Hibiscus—Mallow. Mammoth flowers of red, pink or white. June-July. 5-6'	.15

*Hypericum Reptans (Repens)—St. John's wort. Trailing. Yellow. Excellent rock plant	.25
*Hypericum Polyphyllum—similar to reptans	.25
*Iberis Sempervirens—Candytuft. Pure white early flowers. 9-12"	.20
*Iberis Tenorinum—Lavender-white form, quite attractive. May. 6"	.25
*Iberis Gibraltarica—A lovely lavender form, dense cushions. 12"	.20
*Iberis—var. Snowflake. A pure white type of unusual beauty	.25
*Iris Cristata—Dainty creeping species. Rich amethyst-blue. May. Loves shade.	.20
*Iris Pumila—Common dwarf purple iris. Good for borders. April-May. 4"	.10
*Iris Pumila Atroviolacea—Wine-colored; very dwarf	.20
*Iris Pumila Cyanea—Rich royal purple. 6"	.20
*Iris Pumila—var. Orange Queen. Yellow, approaching orange in color. Attractive	.20
Lavandula Vera—Sweet Lavender. Blue. July-August. 18". Fragrant	.25
Liatris Pychnostachya—Kansas Gay-Feather. Long pinkish-purple spikes. July. 4'	.20
*Linum Flavum—Perennial Flax. Transparent yellow flowers. 18". Extra fine.	.25
*Linum Perenne—Blue Flax. Blue flowers in great profusion, 18". Nice foliage.	.15
Lupinus—Hardy Lupines. Blue, rose, white. Long spikes. All summer. 3-4'	.25
*Lychnis Alpina—Campion or Catchfly. Dwarf rose-pink. Charming. 4"	.25
*Lychnis Arkwrighti—Extra large fiery flowers on very dwarf plants	.25
Lychnis Chalcedonica—Maltese Cross. Bright scarlet. Showy. July-Aug. 2-3'	.20
Lychnis Viscaria Splendens—Profuse pink flowers in June and July. 9-15"	.15
Lychnis Viscaria Splendens Alba—White form of the above. 9-15"	.15
*Lychnis Viscaria Flore Pleno—A fine double crimson variety. Excellent for cutting	.25
Lythrum Superbum Roseum—Purple Loosestrife. Long showy purple spikes. All summer. 3-5'	.25
Matricaria—Feverfew. Creamy-white flowers. August-Oct. 18-24"	.15
*Mazus Reptans—Fine creeping Alpine plant. Dainty lilac flower. May. 2"	.15
Mertensia Virginica—Virginia Blue Bells. Early spring flowers of blue. 12-18"	.15
Monarda—Bee-balm or Bergamot. Brilliant crimson-scarlet. June-Aug. 4'	.20
*Myosotis Paulustris Semperflorens—Forget-me-not. Blue and pink. All summer. Likes shade	.15

* <i>Nepeta Mussini</i> —Ground Ivy or Catmint. Dwarf compact rock plant. Lavender. 12"20
* <i>Nepeta Nervosa</i> —Another fine rockery plant. Vivid light-blue20
* <i>Nierembergia Rivularis</i> —Trailing Cup-flower. Creamy-white. June-Sept. 2", .25	
<i>Oenothera Fraseri</i> —Evening Primrose. Pale yellow on 12" stems. June-Oct., .15	
<i>Oenothera Youngi</i> —Lemon-yellow on 24" stems. Strong, stocky plant. June-Aug., .15	
<i>Oenothera Speciosa</i> —Pure white flowers 3" across. Profuse bloomer. 18" stems, .15	
* <i>Oenothera Missouriensis</i> —Ozark Sundrops. Large yellow. Prostrate stems. June-August25
<i>Origanum Majorana</i> —Sweet Marjoram. Indispensable in the herb garden20
<i>Pachysandra Terminalis</i> —Japanese Spurge. Woody evergreen ground cover for intense shade20
<i>Paronychia Dicotoma</i> —Attractive foliage. Yellow flowers. Aug.-Sept. 12-15", .25	
<i>Papaver Nudicaule</i> —Iceland Poppy. Various bright colors. Mid-summer. 1'. Likes the sun20
<i>Papaver Orientale</i> —Common orange-scarlet Oriental Poppy. May-June 3-3½', .15	
<i>Pardanthus Chinensis</i> —Blackberry Lily. Orange with black spots. Black- berry-like fruits15
<i>Penstemon</i> —Shell Pink. (Beard-tongue). June-August. 2'20
<i>Penstemon</i> —Coral Gem. Same habit of growth but coral in color20
* <i>Phlox Amoena</i> —Rich bright pink. 4". May. Forms dense carpet. Very fine, .20	
* <i>Phlox Divaricata</i> —Large fragrant lavender flowers on 10" stems. April-May, .20	
* <i>Phlox Glaberium</i> (Carolina)—Bright rosy-red on 12" stems; profuse. June-July, .20	
* <i>Phlox Subulata Rosea</i> —Creeping Phlox. Rose-pink. Fine for covering Banks. April-May15
* <i>Phlox Subulata Alba</i> —White form of the above. Slower grower, but profuse bloomer20
* <i>Phlox Subulata Vivid</i> —Bright pink with dark pink eye. Choicest of the pinks, .20	
* <i>Phlox Subulata</i> —G. F. Wilson. Soft lavender flowers15
* <i>Phlox Subulata Lilacina</i> —Pale blue flowers. A fine grower20
* <i>Phlox Subulata</i> —Blue Hills. Possibly a little better blue than lilacina20
* <i>Phlox Subulata Atropurpurea</i> —Deep carmine red. Makes a brilliant display. New, .25	
* <i>Phlox Subulata Moorheimi</i> —Carmine-pink form20
* <i>Phlox Subulata</i> —Autumn Rose. A new selection giving abundant fall bloom20
<i>Physostegia Virginica</i> —False Dragonhead. White to delicate pink. July-Aug. 4', .15	
* <i>Physostegia Virginica Vivid</i> —Dwarf form with vivid pink flowers. Sept. 15" .20	
<i>Physalis Francheti</i> —Chinese Lantern Plant. Orange lantern-like fruits for winter bouquets15
<i>Platycodon Grandiflorum</i> —Chinese Bellflower. Showy deep blue. All summer. 20-30"20
* <i>Platycodon Mariesi</i> —Beautiful dwarf species. Deep violet-blue. For borders. 15", .25	
* <i>Plumbago Larpentae</i> —Leadwort. Dwarf spreading habit. Deep blue. Late summer and fall20
<i>Polemonium Coeruleum</i> —Jacob's Ladder. Sky-blue. June-July. 12-18"20
* <i>Primula Auricula</i> —Fragrant flowers of varying colors. 6-8" stems A treasure. June25
* <i>Primula Veris</i> —Another species of Primrose with varying color. May-June. 6-10", .20	
* <i>Potentilla Matsumurae</i> —Cinquefoil. Attractive foliage. Yellow flowers. 5", .25	
* <i>Pulmonaria</i> —Lungwort. Early spring flower, not unlike <i>Mertensia</i> . Pink. Spotted leaves25
<i>Pyrethrum Roseum</i> —Painted Daisy. Singles of various colors. June. 2'15
<i>Pyrethrum Atrosanguineum</i> —Single deep blood-red25
<i>Pyrethrum</i> —Double Rose35

Pyrethrum—Double Red35
Rosemarinus Officinalis—Rosemary. Another fine plant for the herb garden15
Rudbeckia—Golden Glow. Large, rich yellow double flowers. August. 3-5'15
Rudbeckia Purpurea—Giant Purple Coneflower. Purple. July-Oct. 3'15
Rudbeckia Newmanni—Black-Eyed Susan. Deep orange-yellow. All summer. 3',	.15
*Sagina Glabra—Pearlwort. Fine moss-like plant with tiny white flowers. 1"15
Salvia Azurea—Meadow Sage. Sky-blue flowers profusely. Aug.-Sept. 3-4'15
*Santolina Chamaecyparissus—Lavender Cotton. Silver-white foliage.	
Fragrant. 1'25
*Saponaria Ocymoides—Soapwort. Rosy-pink. May-June. Profuse. Fine	
wall plant. Trailing20
*Saxifraga Cordifolia—Rock-foil. Large leaves. Flowers clear rose. May. 1',	.35
Scabiosa Caucasica—Blue Bonnet. Showy lavender flowers. All summer.	
Long stems. 2'25
*Scutellaria—Skullcap. Clear blue, shaped like snapdragons. July-Aug. 1'20
*Silene Alpestris—Dwarf rock plant. Dainty white flowers. May-June. 4"20
*Silene Maritima—Glaucous blue foliage. 2-3". White flowers. June-August20
*Silene Schafta—Masses bright pink flowers, July-Oct. Charming rock plant	
4-6"20
Spiraea—Astilbe. Goat's Beard. Creamy-white flowers. June. Prefers	
moist shade. 2'25
Spiraea Filipendula—Meadow Sweet. Double white. Fern-like foliage. June. 15",	.25
*Stachys Lanata—Kitten Ear (Woundwort). Dwarf. Soft silvery foliage.	
Old-fashioned15
*Statice Latifolia—Great Sea Lavender. Minute purplish-blue flowers, mist-	
like. 18"25
*Sedum Acre—Gold Moss. Dense green carpet with bright yellow flower in	
June. 4"10
*Sedum Aizoon—Bright yellow flowers. July-August. 12"15
*Sedum Album—White Moss. Dainty white flowers in June. Round waxy	
foliage. 4-6"10
*Sedum Album Minor—Dwarfer and more compact form than above10
*Sedum Eversii—Excellent dwarf variety with blue-green foliage. Rose flow-	
ers in October15
*Sedum Glaucum—Blue Moss. Excellent prostrate form of slow growth.	
White flowers. 4"10
*Sedum Diffusum—Extremely compact. Round waxy foliage. White flowers15
*Sedum Lydium—Gray-green foliage, turns red in winter. Prostrate.	
White flowers15
*Sedum Kamschaticum—Orange yellow flowers with prostrate green foliage15
*Sedum Kamschaticum, Variegated—Beautifully variegated. Most attractive20
*Sedum Altissimum—A taller form with somewhat beady foliage10
*Sedum Middendorffianum—Graceful lace-like appearance. Extra fine, but	
slow grower20
*Sedum Pruniatum Forsterianum—Glaucous foilage; yellow flowers on trail-	
ing foliage15
*Sedum Pulchellum—Outstanding for the beauty of its rose bloom15
*Sedum Rupestre—Glaucous trailing foliage, yellow flowers. Very pretty15
*Sedum Reflexum Cristatum—Tips of branches take on cockscomb-like	
appearance in fall15
*Sedum Sarmentosum—Excellent dwarf creeper for covering rock walls.	
Yellow flowers10
*Sedum Sexangulare—Very dark green foliage, yellow flowers. Much like Acre,	.10

*Sedum Sieboldi—Round, succulent glaucous foliage. Bright pink flowers in October25
Sedum Spectabile, Brilliant—Pretty erect growing form. 18". Bright amaranth-red flowers20
*Sedum Ternatum—Most satisfactory for ground carpeting in the shade15
*Sedum Spurium Coccineum—Beautiful rosy-crimson form. July and Aug. 6",10
*Sedum Stoloniferum—Very desirable, purplish-pink flowers. July-August10
*Sedums also as follows: Divergens, Linearis Variegata, Nicaense, Anopetalum, etc.15
*Sempervivums in variety—Unfortunately the twenty-odd varieties have become mixed10
*Stachys Densifolium—New dwarf form of more compact habit25
Stokesia Cyanea—Stoke's Aster. Light blue flowers in profusion on 18" stems. Late25
*Talinum Calycinum—Dainty succulent-like plants. Tiny rosy-purple bloom. All summer25
*Tetranneuris Stenophylla—Tiny rosettes of foliage. Bright yellow bloom. Late summer25
*Teucrium Chamaedrys—Germander. Excellent low hedging plant. Can be clipped. Evergreen20
*Thymus Caucasicus—Rosy-red flowers June-July. Compact mats of foliage. 2-3",15
*Thymus Citriodorous—Lemon Thyme. Fragrant. 6". A great favorite15
*Thymus Lanuginosus—Wooly Thyme. Wooly foliage with bright pink flowers. 2",20
*Thymus Argentea Variegata—Silver Variegated Thyme. Foliage variegated with silver15
*Thymus Vulgare—Common Thyme. Lavender flowers. 12-15"15
*Thymus Serpyllum Coccineum—Mountain Thyme. Rosy-red flowers. Very compact. 2"15
*Thymus Serpyllum Album—White Mountain Thyme. White flowers. 2". Foliage light green15
Tradescantia Cordifolia—Spiderwort. Blue flowers all summer. Sun or shade. 18",15
*Tunica Saxifraga—Coat Flower. Dainty tufted plant. Tiny pink flowers all summer. 6"15
*Verbena Venosa—Hardy Verbena. Two distinct shades (Rose and Purplish). All summer. 4"15
*Veronica Amethystina, Royal Blue. Beautiful spikes gentian blue. June-July. 10-15"15
*Veronica—True Blue. Intense blue flowers. June-July. 12"15
*Veronica Erica—Heather-like with delicate pink flowers. June-July. 8-12"15
*Veronica Incana—White, wooly foliage. Blue flowers. July-August. 1'15
Veronica Longifolia Subsessilis—Very handsome plant. Blue spikes. Good for cutting25
*Veronica Teucrium Trihanæ—Golden foliage form. Blue flowers May-June. 6-12"15
*Veronica Rupestris—Deep green foliage, matted 3-4". Bright blue flowers. June20
*Veronica Rupestris Nana Rosea—Flowers mauve-pink. Very compact. 2"25
Vinca Minor—Myrtle. Fine evergreen ground cover for shade. Trailer15
*Viola Pedata Bicolor—Bird-foot Violet. A true bi-color. Charming. Shade or sand. 3"25
Yucca Filamentosa—Spanish Needle. Large spikes of drooping creamy-white flowers. 6'25

HARDY GARDEN LILIES

Auratum—Gold-Banded Japan Lily. White, thickly studded maroon, gold bands,	.35
Candidum—The Madonna Lily. White fragrant flowers in quantity. Easter flower25
Henryi—Rich apricot yellow with orange spots. August. 4'. Very robust25
Phillipinense Formosanum—Trumpets of pure white marked with reddish brown,	.25
Regale—Regal Lily. Very large white, streaked with coral-pink. Fragrant25
Speciosum Rubrum (Magnificum)—Lance-Leafed Lily. White with carmine. Aug.-Sept. 4'25
Speciosum Album—Pure white form of above. 3-4'. August and September35
Tenuifolium—Coral Lily. Tiny intensely scarlet 2" bells. Profuse bloomer25
Tigrinum—Tiger Lily. Orange-red, heavily spotted with black. Enormous. 5',	.10
Tigrinum Flore Pleno—Double Tiger Lily. Very showy. 3-4'25

HARDY FIELD-GROWN ROSES

Better Times—U. S. Patent No. 23. Long crimson buds. Bloom overcast with coral	1.60
Blaze—U. S. Patent No. 10. An everblooming climber. Fiery scarlet in color,	1.35
Etoile de France—Velvety garnet-red cup with vivid cerise center. Hybrid-Tea,	.39
Frau Karl Druschki—Large white blooms in June. Very hardy. Hybrid-Perpetual39
Golden Climber—U. S. Patent No. 28. Greatest yellow climber yet introduced,	1.60
Gruss an Teplitz—Richest scarlet. Succeeds with everybody. Fragrant. Hybrid-Tea39
Kaiserin Auguste Viktoria—Favorite white rose, long shapely buds. Hybrid-Tea39

Von Hochberg—Medium tall. Deep red. Very fine	.25
Widar—Violet-blue with pure white eye	.20
Wm. Kesselring—Beautiful two-tone effect. Deep purple shading to white at center	.25

YOUNGBERRIES

No berry in recent years has made such strides in acreage and public favor as has the Youngberry where it has been introduced and placed on the market. The Youngberry is much better in quality than either the raspberry or blackberry. On account of its early season, it is fast becoming a serious rival of the raspberry in every section where it has been grown.

It is one of our very finest dessert berries. Very vigorous and productive, the berries are immense and attract instant attention in every market. Can be grown in most any type of soil except where water stands for considerable periods. However, it needs heavy fertilizing to get best results.

We can furnish the standard (thorny) Youngberry tip plants as follows: 12 plants, \$.85; 25 for \$1.30; 100 for \$3.95; 500 for \$13.00; 1000 for \$25.00.

ACME THORNLESS YOUNGBERRY

(Plant Patent No. 4)

The Acme Thornless is the best variety for all sections. It can be grown at a far lower cost and is fully as vigorous and productive, and is somewhat more hardy. Picking, trimming and cultivation are much easier with the thornless vines. This new berry is a boon for the home gardener who does not like thorns and grows no raspberries or blackberries because of that very disagreeable feature. Plant 6 or 7 feet apart each way.

Prices of Acme Patented Thornless Youngberry—(Heavy Tip Plants) 1 Plant only 50c prepaid; 3 plants 85c prepaid; 6 plants \$1.15 prepaid; 12 plants \$2.00 prepaid; 25 plants \$3.50 prepaid; 50 plants \$4.75 not prepaid; 100 plants \$7.75 not prepaid.

Acme Thornless Youngberry plants are covered by U. S. patent and propagation of plants for sale without permission of patentee is forbidden by law.

BOYSENBERRIES

It has taken only one season to demonstrate that the New Boysenberry is probably the greatest new berry introduced this decade. It surpasses all other berries in both size and yield and has no superior for dessert. It is the peer of all berries for canning purposes. This new berry, which is dark purple in color, is a cross between the Loganberry, Blackberry and possibly the raspberry, and is a crowning achievement of man's ingenuity. This is a great companion berry to grow with the Youngberry as it is ten days later. Also it blooms late after all danger of frost is over. Prices received for this berry last season are almost unbelievable. Owing to its immense size, picking costs are extremely low. Plant and cultivate the same as Youngberries.

Prices of Boysenberry Plants (Tip Plants)—Each 35c; 4 for \$1.00; 10 for \$2.00; 50 or more at \$15.00 per 100.

Transplants—Each 60c; 2 for \$1.00; 5 for \$2.00; 10 for \$3.75; 25 for \$7.50; 100 for \$27.50.
